Instructions

1. To attach the Door Guard onto the vehicle, simply press the center of each suction cup onto vehicle. For best results, make sure the area where the suction cups are to be attached is free of dirt and debris.
2. To remove the Door Guard, pull the tab located on the top of the suction cup.
3. Remove Door Guard before driving vehicle.

Auto Care Products, Inc. offers a limited lifetime warranty against manufacturer's defects in material and workmanship.
